

Rome, 29 April 2025

Dear Hon'ble Dil Bahadur Nepali,

We are very pleased to welcome *Save Our Himalaya First - Nepal (SOHFN)* as a member of the Mountain Partnership. We look forward to working together with the common goal of achieving sustainable mountain development around the world. We encourage the exchange of knowledge, information, expertise and resources among our global membership, and to that end invite you to propose and take part in initiatives that improve the quality of life and sustain healthy environments in the world's mountain regions. We are confident that *SOHFN* will not only benefit from what the Partnership has to offer, but will also contribute significantly to realizing our agreed upon objectives and vision.

Please be reminded that membership is for four years, after which it may be renewed. Your membership will expire in April 2029.

We encourage you to visit the Mountain Partnership website for news, events and information about the activities and members of the Mountain Partnership.

We appreciate the commitment, energy and broad experience that *SOHFN* will bring to this international alliance.

Sincerely,

Giorgio Grussu
Mountain Partnership Secretariat
